December, 2008

Update to Default and Claims Servicing Guide Now Available

Radian is pleased to announce that we have completed an update to our Default and Claims Servicing Guide. These updates are now accessible via the website: www.radian.biz.

To access the Default and Claims Servicing Guide from Radian's home page, click on *Mortgage Insurance* and then *Tools, Guides, Master Policy* from the left-hand tool bar.

Radian's Default and Claims Servicing Guide covers general guidelines for loan servicing such as loss mitigation, delegated parameters, and claims filing and default reporting. These updates include current processes, as well as new Radian Loss Management programs such as Fast Advance. For a complete overview, please refer to the guides.

For more information, feel free to contact your claims representative.

Thank you.
